RE: Project No. 50763, Application of Taygete Energy Project, LLC for Power
Generation Company Registration

RECOMMENDATION

On April 17, 2020, Taygete Energy Project, LLC (Taygete Energy) filed an application to register as a new power generation company (PGC) pursuant to 16 Texas Administrative Code (TAC) § 25.109. On May 6, 2020, Taygete Energy clarified that the completion of Part B of the form was in error. The facility being registered is Taygete I Solar.

After a review of the Taygete Energy registration request, Staff has concluded that the applicant has satisfactorily completed the registration requirements under 16 TAC § 25.109(e) by providing a description of the location of the facility used to generate electricity; a description of the types of services provided by the person that pertain to the generation of electricity; and all information requested on the commission-prescribed form. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 TAC § 25.109(f).

Therefore, Staff recommends that Taygete Energy's registration request be granted, and commission records be revised to reflect the registration.
