Re: PUC Docket No. 49523; *Application of LCRA Transmission Services Corporation to Amend its Certificate of Convenience and Necessity for the Proposed Mountain Home 138-KV Transmission Line Project in Gillespie, Kerr, and Kimble Counties*

Dear Mr. Journey:

On May 12, 2020, you issued an order in the above-referenced docket requesting that any party desiring to physically attend the open meeting of the Public Utility Commission of Texas (Commission) to address the Commission on the docket to respond by Tuesday, May 19, 2020. LCRA TSC will have its project team available via the Commission's phone bridge to answer any questions the Commission may have. To the extent the Commission desires any representation in person by LCRA TSC at the open meeting, we would be pleased to make the appropriate representatives available.

We look forward to discussing this important project with you on May 29.

Sincerely,

/s/ Kirk Rasmussen
