RE: *Project No. 50783 - Application of West Texas Wind Energy Partners, L.P. to Amend its Power Generation Company Registration*

RECOMMENDATION

On April 21, 2020, West Texas Wind Energy Partners, L.P. (West Texas Wind or Company) filed an application to amend its power generation company registration pursuant to 16 Texas Administrative Code §25.109 (TAC). West Texas Wind indicated that an amendment is necessary to reflect its request to relinquish the company's PGC registration number 20009. West Texas Wind stated in its application that it is permanently decommissioning the Southwest Mesa wind project effective May 8, 2020.

After a review of the West Texas Wind amendment request, Staff has concluded that the company has satisfactorily completed the post registration requirements under 16 TAC §25.109(h) by reporting a material change in the information provided on the registration form within 45 days of the change. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 TAC §25.109(f).

Therefore, Staff recommend that West Texas Wind Energy Partners, L.P.'s amendment request be granted and Commission records be revised to reflect the relinquishment.
