RE: Docket No. 50661 – *Application of Titan Gas, LLC to Amend Its Retail Electric Provider Certificate*

Recommendation on Final Disposition

Application

On March 13, 2020, Titan Gas, LLC (Titan or the Applicant) filed an application with the Public Utility Commission of Texas (Commission) for an amendment to its Retail Electric Provider (REP) Certificate No. 10268 in accordance with 16 Texas Administrative Code (TAC) § 25.107. Titan seeks to add “CleanSky Energy” as an assumed name.

Technical and Managerial Analysis

Under 16 TAC § 25.107(e)(1)(A), the Commission may not authorize more than five assumed names for a REP at one time. The Applicant requested one assumed name. If approved, the Applicant would have a total of two assumed names, so this condition is satisfied.

Under 16 TAC § 25.107(e)(1)(B), a REP business name “shall not be deceptive, misleading, vague, otherwise contrary to §25.272 of this title (relating to Code of Conduct for Electric Utilities and Their Affiliates), or duplicative of a name previously approved for use by a REP certificate holder.” Staff verified that the Applicant registered its requested assumed names with the Office of the Secretary of State in File No. 800402155. Staff also verified that the requested assumed names do not duplicate any existing REP names and are not otherwise deceptive, misleading, vague, or otherwise contrary to §25.272.

Conclusion

Staff reviewed Titan's application for an amendment to its REP certificate and determined that the application meets the requirements of 16 TAC § 25.107(e)(1)(A) and (B). Therefore, Staff recommends that the application be approved.

RE: Docket No. 50661 – *Application of Titan Gas, LLC to Amend Its Retail Electric Provider Certificate*

Recommendation on Final Disposition

Application

On March 13, 2020, Titan Gas, LLC (Titan or the Applicant) filed an application with the Public Utility Commission of Texas (Commission) for an amendment to its Retail Electric Provider (REP) Certificate No. 10268 in accordance with 16 Texas Administrative Code (TAC) § 25.107. Titan seeks to add “CleanSky Energy” as an assumed name.

Technical and Managerial Analysis

Under 16 TAC § 25.107(e)(1)(A), the Commission may not authorize more than five assumed names for a REP at one time. The Applicant requested one assumed name. If approved, the Applicant would have a total of two assumed names, so this condition is satisfied.

Under 16 TAC § 25.107(e)(1)(B), a REP business name “shall not be deceptive, misleading, vague, otherwise contrary to §25.272 of this title (relating to Code of Conduct for Electric Utilities and Their Affiliates), or duplicative of a name previously approved for use by a REP certificate holder.” Staff verified that the Applicant registered its requested assumed names with the Office of the Secretary of State in File No. 800402155. Staff also verified that the requested assumed names do not duplicate any existing REP names and are not otherwise deceptive, misleading, vague, or otherwise contrary to §25.272.

Conclusion

Staff reviewed Titan's application for an amendment to its REP certificate and determined that the application meets the requirements of 16 TAC § 25.107(e)(1)(A) and (B). Therefore, Staff recommends that the application be approved.
