Re: Project No. 50703 - Reports of Transmission and Distribution Utilities on the COVID-19 Electricity Relief Program

Texas-New Mexico Power Company provides the following responses to Commission Staff's request for information.

1. **The total number of kilowatt-hours billed under the TDU's tariff rider to implement the Program from the effective date through and including May 8, 2020.**

Response:

The table provides the total number of kilowatt-hours billed under the TNMP Rider ERP to implement the Program from the effective date through and including May 8, 2020.

<u>Period</u>	<u>kWh Billed</u>
Mar-2020	8,812,280
April -2020	872,409,598
May 1 -8	376,700,218
Total	1,257,922,096

2. **The total number of electric service identifiers (ESI IDs) in the TDU's service area identified as qualified for the Program through a MarkeTrak submitted by the customer's Retail Electric Provider, as of the close of business on May 8, 2020.**

Response:

Retail Electric Provider issued MarkeTraks that identified 856 ESI IDs qualified for the Electricity Relief Program.

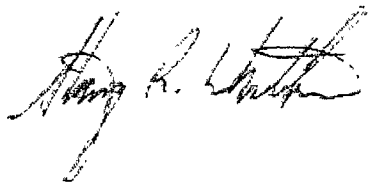

3. **The total number of ESI IDs in #2 above that actually qualified for the Program upon TDU review of the MarkeTrak**

Response:

TNMP determined only 793 ESI IDs of the submitted ESI IDs were qualified for the Electricity Relief Program in TNMP's service territory.

Please do not hesitate to contact me if you have any questions.
