**PUBLIC UTILITY COMMISSION
OF TEXAS**

ORDER REGARDING ATTENDANCE AT OPEN MEETING

This Order is to inform the parties in this case that no members of the public may attend the Commission's open meeting scheduled for May 29, 2020.

A previous order stated that the Commission has been considering attendance at its open meetings by landowners in transmission-line cases and requested that parties in this case inform the Commission of which landowners wanted to physically attend the open meeting to address the Commission. In addition, commissioners at the May 1 open meeting expressed their desire to allow such attendance.

Unfortunately, the Commission did not understand the current limitations on state agencies related to public attendance at open meetings when the previous order was issued. The Commission now understands that current requirements do not allow for the physical attendance of members of the public at open meetings and that state agency buildings are closed to the public at this time.

However, as stated in the previous order, physical attendance at the open meeting is not required to address the Commission on Docket No. 49253. Landowners will be able to address the Commission through the telephone conference call.

Parties may call in to participate at the May 29 open meeting by calling in to the following number:

Toll free number: 844-767-5651

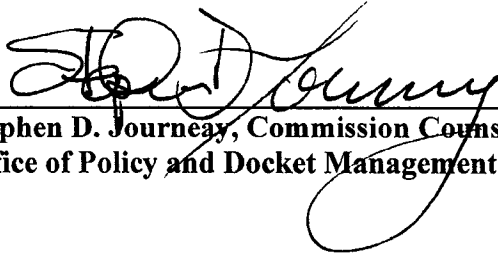

Access Code: 7620365#

When calling in, the AT&T moderator will request the callers name and place the caller into listen only mode. When this item is brought up, the AT&T moderator will be instructed to bring in the individuals interested in this docket into the open meeting to address the Commission.

The list of landowners interested in addressing the Commission in this docket currently know to the Commission are those persons identified in response to the previous order by the Aligned Segment A and C Mountain Home Landowners (six individuals) and the Creek House Ranch, LLC (fifteen individuals, which now includes the eleven individuals who indicated they had intended to attend the open meeting), and one additional person who communicated by e-mail.

Other landowners who desire to address the Commission on this matter will be given an opportunity during the consideration of this matter.

Signed at Austin, Texas the 21st day of May 2020.

Stephen D. Journey, Commission Counsel
Office of Policy and Docket Management
