**Please check one of the following:**

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. My property is at 2407 FM 857. I just bought this property 3/24/2020. No one told me about this proposed line until a neighbor told me. I called Roy Bermea and he had the packet sent to me. I bought this land to build my family home on as we just sold our other one and now live in a very small house until we can build. Now as I look at these routes Roy says are 7, 8, and 9, (Links F2 to AJ to H1 and G to H1) There is no safe place to build my home on my little tract of land. If there is I wish you would tell me! I paid \$95,000 for this 10 acres including 2 1/2 acres in the lake, which will be out the window if you place these lines as shown. Please help me and I hope you read this. Yours Truly, James McClure

Ps. I wanted to build just this side of those oaks close to the lake by the access road Van Mathis and I share. but H1 goes right thru it
