- a. Has AEP Texas received any insurance compensation for these additions?
- b. Have any of the capital expenditures associated with these projects been charged against the storm / catastrophe reserve?

**Response TIEC 1-2:**

- a. The projects beginning with "DMS" did not receive any insurance compensation. The other three projects listed are related to Hurricane Harvey restoration efforts. Any insurance proceeds related to those projects were accounted for in Docket No. 48577, *Application of AEP Texas Inc. for Determination of System Restoration Costs*.
- b. No, the storm/catastrophe reserve is only for storm related O&M and does not apply to capital.
