RE: Project No. 50831, Application of West Raymond Wind Farm, LLC for Power
Generation Company Registration

RECOMMENDATION

On May 12, 2020, Raymond Wind Farm, LLC (Raymond Wind) filed an application to register as a new power generation company (PGC) pursuant to 16 Texas Administrative Code (TAC) § 25.109. The facility being registered is West Raymond Wind Farm, LLC.

After a review of the Raymond Wind registration request, Staff has concluded that the applicant has satisfactorily completed the registration requirements under 16 TAC § 25.109(e) by providing a description of the location of the facility used to generate electricity; a description of the types of services provided by the person that pertain to the generation of electricity; and all information requested on the commission-prescribed form. An oath or affirmation signed by an owner, partner, or officer of the registering party was included with the application pursuant to 16 TAC § 25.109(f).

Therefore, Staff recommends that Raymond Wind's registration request be granted, and commission records be revised to reflect the registration.
