Re: SOAH Docket No. 473-20-3472, PUC Docket No. 50545
Application of AEP Texas Inc. to Amend its Certificate of Convenience and Necessity for the
Brackettville to Escondido 138-kV Transmission Line in Kinney and Maverick Counties

Dear Judges Wiseman and Henderson:

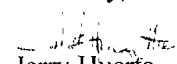

Considering the challenging times that we are faced with these days, AEP Texas very much appreciates the SOAH ALJs conducting an efficient and productive telephonic prehearing conference (TPHC) on May 14, 2020 regarding the *Application of AEP Texas Inc. to Amend its Certificate of Convenience and Necessity for the Brackettville to Escondido 138-kV Transmission Line in Kinney and Maverick Counties*.

During the TPHC, AEP Texas offered to provide an updated service list for this docket, and is providing this updated service list to your honors and to all parties in this docket.

The only changes from the service list that was previously provided and filed on May 5, 2020 is the substitution of counsel of Elizabeth Wright Bondurant filed on May 6, 2020 (Interchange Item No. 63), and including the late-filed motion to intervene filed on May 7, 2020 (Interchange Item No. 65). The motion to withdraw from representation of 2350 Senator Partners, LLC & Gillespie Partners, LTD, which was filed on April 20 (Interchange Item No. 49) and was granted at the May 14 prehearing conference, was already reflected in the service list that was filed on May 5. All of these filings involve the same counsel that represents other intervenors in this docket and has been involved in discussions and copied on all filings in the case since April 1, 2020. Of course, if any party identifies any errors in this service list, AEP Texas encourages an immediate response to suggest corrections to those errors.

Thank you for your consideration.

Sincerely,

Jerry Huerta
