ORDER NO. 1
REQUESTING COMMISSION STAFF'S RECOMMENDATION

This Order addresses the April 27, 2020, petition of Southwestern Electric Power Company (SWEPCO) to implement rate schedules for municipal street lighting and parkway lighting and area lighting-light emitting diode (LED). SWEPCO requests approval of LED lighting offerings because it has received several requests from the cities it serves and customers in its service territory to offer LED lighting. SWEPCO is not requesting to close any currently available offerings, only to add LED fixture types to its current offerings. SWEPCO proposes that the effective date for rate schedules MS-LED and AL-LED be June 3, 2020.

SWEPCO proposes to mail individual notice to affected customers via a bill insert, which is included as attachment C to its petition. The mailing of notice will take place as soon as practicable after approval of the form of notice. SWEPCO will also provide a copy of this petition, including the proposed notice, to all parties of record in its last rate case, Docket No. 46449.¹

By May 12, 2020, Commission Staff must file a recommendation on the petition and proposed form and method of notice, and propose a procedural schedule, if appropriate.

¹ *Application of Southwestern Electric Power Company for Authority to Change Rates*, Docket No. 46449, Order on Rehearing (Mar. 19, 2018).

Signed at Austin, Texas the 5th day of May 2020.
