Notice of Non-Material Change in Fact

Dear Ms. Bose:

Pursuant to Section 366.7(c) of the regulations of the Federal Energy Regulatory Commission (the "Commission"),¹ the above-identified entities hereby notify the Commission of non-material changes in fact relating to their individual EWG statuses. These changes in fact arise out of separate transactions whereby Phoenix Wind Holdings, LLC acquired all of the equity interests in various entities that were previously owned by BP Wind Energy North America Inc. ("BP Wind"). These changes in fact are non-material and do not impact the EWG status of any of the above identified entities.

II. CHANGES IN FACT

As a result of the transactions with BP Wind, Sherbino II Wind Farm LLC, Silver Star Power Partners, LLC, and Trinity Hills Wind Farm LLC (together, “Phoenix EWGs”) became subsidiaries of Phoenix Wind Holdings, LLC and Phoenix Wind Repower, LLC. The change in upstream ownership is not a “material change” affecting the EWG status of the Phoenix EWGs, as each continues to be engaged exclusively in the business of owning or operating all or part of one or more eligible facilities and selling electric energy at wholesale.²

Additionally, the Corporate Official³ of the Phoenix EWGs is now Matt Wolske. His contact information follows:

Matt Wolske
Wind Farm Project Manager
116 Hilton Road
Olney, Texas 76374
(806) 777-1897

III. CONCLUSION

For the reasons set forth herein, the change in fact described above does not affect the EWG status of any of the Phoenix EWGs.

Respectfully submitted,

/s/ Maria C. Faconti

HUSCH BLACKWELL LLP

² See, e.g., *BG Dighton Power, LLC*, 132 FERC ¶ 61,029 at P 5 (2010) (explaining that “a change in upstream ownership would not, in and of itself, be a material change in facts that could affect EWG status”).

³ As required by 18 C.F.R. § 385.2010(k).
