- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. \_\_\_\_\_

Route 7, 8, 9, and 10 are proposed to be placed across our property.  
The map posted at 103 Main St. in Grand Saline, Tx as well  
as the map sent to my home address, show the power lines  
will be installed across the frontage on Hwy 857,

the frontage of VZCR 1705, and the property line at the back of our property. This will have a major impact on our property from three sides.

We purchased this property to build our retirement home. We are very concerned about building a house and being surrounded by power lines on three sides of our property. This will have a major impact on the value of our property. The power lines would greatly reduce the property value. Also, we have health concerns about the placement of the power lines being constructed on three fronts of our property. There are numerous studies that show the harmful effects of power lines. Our property has numerous large trees across the frontage of Hwy 857. Removing the trees would destroy the looks of our property.

We ask that the committee consider other alternative routes that would have the least amount of impact on our property. Routes 1 and 2 would have the fewest effects on land owners in this area.
