**NOTICE OF APPROVAL OF RELINQUISHMENT OF  
POWER GENERATION COMPANY REGISTRATION**

On April 21, 2020, West Texas Wind Energy Partners, L.P. filed an application to relinquish power generation company registration (PGC) number 20009. West Texas Wind states that the relinquishment is necessary to reflect that is permanently decommissioning the Southwest Mesa Wind Project, effective May 8, 2020.

On May 18, 2020, Commission Staff recommended that the Commission approve the relinquishment because West Texas Wind complied with the post-registration requirements under 16 TAC § 25.109(h) by notifying the Commission of a material change in information pertaining to the registration within 45 days of the change and complied with 16 TAC § 25.109(f) by including a verifying oath or affirmation, signed by an owner, partner, or officer of West Texas Wind, with the application.

The Commission approves West Texas Wind's application for relinquishment. The Commission must revise its records to reflect the relinquishment of PGC registration number 20009.

**Signed the 19th day of May 2020.**
